The village choir at the church revival is one of the feature numbers to be seen in "Uncle Dave Holcomb," which comes to the opera house Thursday, with William Lawrence in the title role. The little village meetinghouse is shown with all its realism, and a specially built Mitchell & Hamlin organ is carried to add completeness to this one feature.

The harvest quartet is also another feature that is causing much comment on the play. Mr. Lawrence has the best company this season he has ever carried, which is attested by the fact that the show has done a remarkable business in the principal cities, in the face of the times, which have already sent a great many of the companies home badly crippled.
